Program Description

- Diverse cohort of 16-18 leaders representing different communities and organization types from SC, NC, VA, WV and MD
- 12-week experiential curriculum focused on developing a real community project
- Virtual sessions taught by leaders from regional organizations with a record of success and prior participants
- Individual work between weekly sessions to develop a strong project proposal
- Pitch sessions to practice effectively communicating the project value to capital providers
- Mini-grants of \$2,000 to support community activation and contribution to an inclusive project proposal
- Opportunities to apply or be connected to future support and/or investment
